PATENT
09/899,453

1 13. (currently amended) A computer program having code
2 recorded on a computer readable medium for buying products
3 offered from a plurality of Web sites in a Web communication
4 network with user access via a plurality of data processor
5 controlled interactive receiving display stations, said
6 program comprising:

7 means at a receiving display station for displaying a
8 Web page accessed from a Web site;

9 means for selecting a product offered for sale from
10 said Web page;

11 means for storing at said receiving station, a set of
12 predetermined search queries respectively to each of a set
13 of Web database sites for data related to attributes of a
14 selected product; and

15 means responsive to a selection of a product for
16 automatically sending said search queries to said Web
17 database sites to thereby form purchase profile of the
18 product.

14. (cancelled)

1 15. (original) The computer program of claim 13 wherein one
2 of said search queries is sent to a database Web site
3 providing data on the quality of the Web sites offering
4 products.

1 16. (original) The computer program of claim 13 wherein one
2 of said search queries is sent to a database Web site
3 providing data on the quality of the selected product.

PATENT
09/899,453

1 17. (original) The computer program of claim 13 wherein one
2 of said search queries is sent to a database Web site
3 providing data on the comparative price of the selected
4 product at a plurality of Web sites offering the product.

1 18. (cancelled)

1 19. (currently amended) The computer program of claim 18
2 wherein said Web browser program further includes a plug-in
3 program including:

4 said means for storing a set of predetermined search
5 queries respectively to each of a set of Web database sites
6 for data related to attributes of a selected product; and
7 said means responsive to a selection of a product for
8 automatically sending said search queries to said Web
9 database sites.

1 20. (original) The computer program of claim 19 further
2 including:

3 means for adding or deleting predetermined search
4 queries to said set of queries; and

5 means for adding or deleting Web database sites to said
6 set of Web database sites.
